The hosting organization, Clube Intercultural Europeu, is a non-profit organization existing since 1998 operating in the fields of youth, education and training. CLUBE's office is in Beato, Lisbon where the staff and some volunteers and European internships operate every day, as well as in some places where we work with groups of children, youngsters and families through our local projects.

Clube Intercultural Europeu, acting as the coordinating organization, is currently looking for one Italian volunteer to collaborate in our Project MOVE (Mobility, Openness, Visibility and Empowerment) aimed at promoting European mobility, achieve social inclusion (minorities and other disadvantaged groups), intercultural learning and the development of innovative and creative practices in Lisbon.

MOVE will enable the chosen volunteer to train in social inclusion practices, develop soft skills, foster intercultural learning and exchanges, learn other languages and promote their autonomy and self-esteem. Such will be done while integrating a multi-skilled team and working with young people at the local level, sharing their dreams and overcoming obstacles.

Volunteer Profile for Project Move:

- Young person (23-30 years). Priority will be given to someone coming from a disadvantaged background (cultural, NEET, socio-economic);
- Not employed or integrant of an educational activity and for a relatively long period;
- Willing to train social and professional skills;
- Motivated, enthusiastic, creative, eager to learn and teach, to share knowledge;
- Willing to participate actively in the Clube's present and future projects and programmes;

- Willing to communicate effectively and acquire intercultural and linguistic competences;
- Motivation to integrate a team and develop teamwork related skills;
- Motivation to develop social media knowledge and competences;
- Willing to learn how to lead and manage projects and activities;
- Willing to facilitate social inclusion of minorities (migrants, refugees, Gypsies, others);
- Initiative to develop one's own activities and projects within their volunteer experience;
- Interest in cultural diversity and respect/appreciation of differences;
- Speak and work in English (optional).

Activities carried out in the Social Media area of Project MOVE:

- Social Media Updating;
- Erasmus+ Promotion and Dissemination (videos; flyers; etc.);
- Documenting Clube's activities;
- Website Development (<https://clubeinterculturaleuropeu.wordpress.com/>);
- Elaboration (graphic design) of brochures, posters, flyers, others;
- Collect information from the different projects of Clube for promotion in the different social media and the Clube's website;
- Run a Crowdfunding campaign.

Recruitment and Selection Process:

The entire process shall be carried out in a transparent way. The Clube will analyse the applications (consisting of CV and motivation letter) forwarded by the sending organization (which will perform a first selection) and will chose 3 candidates. Then, we will proceed to interview these final candidates through Skype meetings and, together with the sending organization, chose the most appropriate volunteer for this specific project. Gender balance is one of the Clube's guiding principles but the main criteria in the selection will be the candidate's profile, the documents provided, the interviews and the feedback from the sending organization.

The Clube offers:

- Accommodation under suitable living conditions (within the budget allocated for that purpose by the National Agency);
- Intensive basic language training in Portuguese;
- Monthly sessions to train cultural aspects and skills;
- Adequate working conditions, team work and a safe environment;
- A mentor who will closely accompany the volunteer;
- A supervisor who follows the volunteer's activities and provide professional support;
- Opportunities to know local and EVS volunteers based in Lisbon;
- Briefing on various kind of information (traffic rules, public transportation system, free cultural activities, do's and don'ts, unspoken rules, etc.);
- Assistance in purchasing the transport card with the appropriate type of tariff.
