Some information on the hosting organisation:

- The youth center **point** focuses on the areas of leisure activities (indoor & outdoor activities, sport activities, cultural events, health etc.), information and counselling of youth who live in and around Jenbach. The main emphasis is being put on organising meaningful ways for young people to spend their free time.
- The visitors are between 10 and 18 years old. We provide a safe place where we try to meet their needs. We support a respectful atmosphere and a convenient location where everybody is welcome, irrespective of their religion, background, nationality, gender,...
- We try to offer a secure environment for our young visitors and provide different possibilities to spend their spare time in a meaningful way. There is a regular weekly program and additionally we also offer internet, music, dancing, different games, football and basketball, tabletop. We regularly organise parties and projects for and with young people.
- Consulting and accompanying young people in their individual needs like finding a job, dealing with conflicts in their families and offering decent information concerning drug abuse, sexuality, education... are other important issues in our work.
- We always work in teams (pairs), both in the youth center and on the street in public spaces. They are supported by youth workers and can talk to them about their interests and needs.

Location, Housing, Funding:

The **point** is located in the community Jenbach, with about 7.000 inhabitants. Jenbach lies between Ziller-valley ("Zillertal") and Achensee, two touristic areas that are famous for winter- and summer sports. Hiking and Skiing is very common here. Innsbruck, the capital town of Tyrol (40 km away) is an interesting and nice town where young folks like to meet and party. Jenbach lies on the main route of the local train system so one can easily reach Innsbruck. Schwaz, the capital town of the district, is quite close and offers many bars and a concert hall and in summer it is easy reachable by bicycle (8 Km).

We offer a flat where the volunteer will live on his or her own in Jenbach. Transportation to work is not needed; everything is within walking-distance. Public transport is easily accessible and well organized. The volunteer will be able to eat lunch and dinner at the local social center seven days a week. For breakfast, weekend days and holidays as well as for cooking dinner for him/herself once in a while, the volunteer will receive enough extra money.

Funding:

This project is funded by the EU- programme "European Solidarity Corps". We will be informed about the approval in July. The volunteer will receive food money and a monthly pocket money of Euro 150. The ONLY financial contribution that the selected volunteer will need to make is to pay a small share of the travel costs if necessary (there is a lump sum budget).

Tasks & Activities of the volunteer:

The volunteer will be engaged in a variety of tasks and activities, 35 hours per week, on five days per week. The volunteer is supported by the team and will participate in team meetings.

The main tasks and activities of the volunteer in this project are:

- The most important "activity" is to get in contact with the young visitors at the youth center. It is important that the person likes to play and communicate with youngsters and likes to listen. Each of us in the team is some kind of a "role model", also the volunteer.
- Involvement in leisure activities with our visitors (for example: table tennis, cooking, baking, handicraft, creative workshops, football, helping with their homework, workshops on different topics like health, self-esteem etc.)
- Occasionally, we host parties in the youth center or organise open-air events - the volunteer will be able to participate in both.
- The volunteer is warmly invited to provide information and workshops about his/her country of origin and share his/her own culture with our youth center.
- The volunteer can help the young visitors to get the courage to participate in some international program too, so that our visitors get an idea of different lifestyles and the diversity in the European Union and the whole world.
