

ESC VOLUNTEERING CALL

Joyce n' fun

Your next adventure?

FROM NOW UNTIL MAY 20TH

Dear partner, friend and/or future volunteer, this is a last minute call for volunteers from as soon as possible until May 20th, as we had two cancellations.

First of all, you need to know we live in the nature, in a mountain, on the magical island of Skiathos, Greece, 5km away from the town (6000 inhabitants in the winter). We need people who can stand to be in the middle of nowhere, who love nature (and it's bugs and animals) and who doesn't need to be entertained all the time (on the other side, we have a good 4g connection :)).

MAMMA MIA ISLAND

We are looking for the next member of our little tribe,, someone who will become a member of our everchanging and evergrowing community, of travelers and nature lovers.

NATURAL BUILDING

Winter is coming, let us all together build a straw clay house, convert vans a repair caravans while learning skills all together !

GARDENING

Permaculture, food forest, regenerative agriculture, agroforestry, Following the permaculture principle "Observe and interact", we will develop our food forest and learn about water management.

GROUP CULTURE

Living all together requires clear communication, love and patience. We use agile group and project management tools to be sure everyone's needs are heard.

EVERYDAY TASKS

The general schedule for the volunteers is 6 hours of daily activity/week, 5 days per week, it comprises activities in the farm (taking care of the plants, tinkering, building, etc), activities with children and with the local coordinator inside the community,

**PRO-ACTIVE BEHAVIOR
AND RESPONSIBILITY
WILL BE ENCOURAGED.**
