

## **Different cultures on the same wavelength - ESC XX.**

**Location:** Nyíregyháza, Hungary

**Duration:** 1 year (1<sup>st</sup> of March 2022 – 28<sup>st</sup> of February 2023)

**Participants:** 7 Volunteers – from France, Italy, Germany, Austria, Spain (other EU countries are also eligible)

**Monthly allowance:** 90.000 HUF (approximately 250 EUR)/ month

**Travel reimbursement:** up to 275 EUR/participant for both trips – *depending on distance*

### **Description of the organization:**

Our organization was established in 2002, and we lead the Mustárház Youth Information and Advisory Office in Nyíregyháza since 2005. This office keeps contact with the Municipality of Nyíregyháza about carrying out their task and implementing the youth tasks of Nyíregyháza. We are members of the National Youth Council of Hungary, Eurodesk members, permanent participant of the committee of municipality and territorial civil organizations, MIK (Hungarian Youth Conference), members of the national policy working group of ISZEF (Youth Professional Conciliation Forum), and Hungarian Association of Youth Service Providers (ISZOSZ)

As part of the youth task, we were the consultant for creating the youth concept and youth plan of the city of Nyíregyháza and were also asked to expert to the youth concept of the county in 2013. Our organization is the founder of a Middle –European youth professional network (12 countries, 23 organizations) for Active European citizenship. Our aim is to promote activie citizenship, EU values and generate cooperation.

Our organization is the professional practice place of the University of Nyíregyháza, so the social worker and the youth worker students can learn the framework of our organization in this field and can be our interns.

KÉK Egyesület operates in the youth centre a small-community youth radio named MustárFM Radio, broadcasting 24-hours a day in the vicinity of Nyíregyháza but also online. In this radio our volunteers local and international create different kinds of programs and

shows.

Our organization is the professional and legal background of the Student Mayor Office of Nyíregyháza. We are helping the students to create events, to represent young people of Nyíregyháza, to have a dialogue with local decision makers and to have the possibility to create a change in the local community.

### **Description of the role and tasks of the volunteer(s)**

#### **Radio:**

The aim of the project „Different cultures on the same wavelength” is that the volunteers take an active part in the editing and broadcasting of the Mustár FM (89.6) local civilian radio, working in team with the Hungarian youngsters (brainstorming, collecting information, editing, technical tasks, etc...) and they have the opportunity to make their own regular radio programme which presents the culture and language of the country they come from in their own language. This program’s name is **Language Lesson**. Besides they have to record and edit 6 common programmes called **ETW** (Experience the World-interviews with interesting people and stories), **Point of View** (about the EU actions), **Free Topic** (as the name suggests they have free topic choice in this programme), **World Politics** (about the worldwide political actions) **Gossip show** (where they speak about the glamour life) and **Cultural Programme** (discussing cultural topics, aspects).

#### **Besides making radio programmes, they will also have the following tasks:**

- to provide language club lessons to the residents of the town in their own languages. These are mainly informal conversations to help the people of the town to practice the language.
- to get involved in the life of Mustárház, participate in different programmes and also get to know the Hungarian language and culture.
- to organize their own events, mini projects
- to manage the social media and websites of the association

**Allowance and accommodation:** Our organization rents flats for the ESC volunteers which are close to Mustárház (the venue of their activities). Everyone has his/her private room and the volunteers share the kitchen and the bathroom. The volunteers will receive monthly

allowance on their Revolut bank account which will be opened for them when they will start their project in Nyíregyháza.
