

Youth for Music!

Volunteer Project Description

Are you looking to develop your professional and personal skills? Does working in a multilingual and multicultural environment excite you? Do you want to be challenged on what it means to be a European citizen? Our ESC project "Youth for Music!" is looking for an enthusiastic and committed young person to discover the world of the music and cultural sector. As a volunteer you will be integrated in numerous youth projects and exchanges that the UGDA Music School organises every year, including orchestral working sessions for young musicians and concert tours of young talented European and Luxembourgish soloists.

You will be involved in all aspects of the organisation of the different projects, including promotion and media coverage, communication and cooperation with foreign partners and participants; elaboration of the daily schedule; elaboration of youth related cultural programs (trips, talks, visits); promotional activities for the participants and public; ongoing contact and support with participants to help solve any problem before, during and after the projects; pedagogical coaching of the young participants to solve problems and favour integration within the group; and pedagogical assessment of the results of the activities.

The direct involvement in the multicultural activities with the young people will develop your ability to adhere to a project, work within a team and coach groups of young people. This project will develop skills for your future professional career – notably relational, organizational, and linguistic skills - in the rich and diversified surrounding of a cultural organization dedicated to the youth.
